**Ideas for the Future of Europe - The TEIN4Citizens project invites citizens in border regions and all over Europe to express their opinion on current EU policy issues**

**Take part and answer our surveys, every vote counts for the future of your region and the European Union!**

As part of the TEIN4Citizens project, 5 forums were held from March 2019 to April 2021 at 5 different European borders to discuss with experts and politicians, as well as representatives of civil society, current and forward-looking issues that affect citizens at the respective border in a special way.

Based on the ideas and suggestions developed during these events, 5 surveys have been developed to give all European citizens the opportunity to express their views on these issues, which not only affect the border regions, but often also Europe beyond.

**So take advantage of this unique opportunity to share your opinion with us!**

**All surveys are available in the 8 project languages, English, German, French, Spanish, Catalan, Slovenian, Polish and Czech.**

Below you will find the topics and links to the individual surveys:

***Survey 1: What does it mean to be an EU citizen? Human rights, citizenship, entitlements and obligations***
